FISCAL YEAR 2021/22 BUDGET PREPARATION PROCESS

Following the mid-year budget review and the development of the Town goals and priorities in January, the Town has begun the process of developing the operating and capital budgets for FY 2021/22 to identify resources and establish the Town's programs, goals, and service levels for the upcoming fiscal year. Prior to the proposed budget being presented in May to the Audit and Finance Committee and to the Town Council on June 9, the Council will discuss the Five-year Capital Improvement Program and provide direction regarding next year's budget. The Town awaits the Treasury Department's interpretation of the American Rescue Plan (ARP) as it relates to funds for local agencies as the ARP will provide needed funding to the Town.

DO YOUR PART TO KEEP MORAGA'S STREETS SAFE

Traffic safety is more important now than ever. School is back in session, more kids are walking and biking, and the nice weather and lighter evenings are bringing people outside. Moraga Police have received complaints about motorists not yielding for pedestrians in crosswalks, including a teen nearly hit by a car recently. Please be aware of others on the roads, keep your speeds down and STAY OFF

YOUR PHONE! Moraga Police will be actively enforcing traffic laws to help keep the streets safe for all. Please do your part by driving safely and slowly.

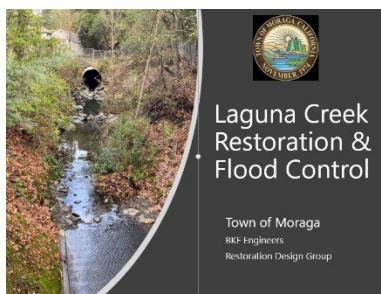

RECENT TOWN COUNCIL ACTIONS ON MARCH 24, 2021

TOWN TO UPDATE SMALL CELL WIRELESS FACILITIES ORDINANCE

The Council discussed the process to update the Town's small cell wireless facility Ordinance to address some of the developmental and procedural standards such as location preferences, aesthetic requirements, noise and public noticing. The Council appropriated \$20,000 for Burke, Williams & Sorensen, the Town's legal counsel, to complete the work and directed staff to initiate the process, including working with community stakeholders. A draft Ordinance should be brought to the Planning Commission for review in May/June and to the Council for consideration in June/July. View the [staff report](#) and [PowerPoint presentation](#).

LAGUNA CREEK RESTORATION PROJECT UPDATE

Town Council received a [presentation](#) on the project status. The project consists of removing an eight-foot diameter underground culvert and creating a natural channel in its place. The project location is at the Hacienda de las Flores near the Pavilion building, where historic flooding has occurred at the culvert. The Council presentation summarized the input received through a series of public meetings, including a Community Workshop and the Planning and Park and Recreation Commission meetings. The Town Council was supportive of the design alternatives that incorporated the public input. Please see

the [staff report](#) and the [Project web page](#) for additional information.

ACCESSORY DWELLING UNITS (ADU) ORDINANCE

Town Council authorized an [update to the existing Ordinance](#) to be consistent with new State laws that went into effect January 1, 2020. The [ADU Ordinance amendment](#) advances the 2002 General Plan, 2015 Housing Element and Town Council goals. The intent of the new law is to enable ADU construction, streamline approval processes and expand capacity to accommodate the development of ADUs and Junior ADUs. The Ordinance will be brought back for final adoption at the April 14 meeting.

ANNUAL REVIEW OF CAMINO RICARDO DEVELOPMENT AGREEMENT

The Council accepted SummerHill Homes [annual report](#) required by the terms of their Development Agreement for the Camino Ricardo (Harvest Court) development. The annual report includes a review of accounts of fees paid and owed to the Town, assignments or transfers of property, and the construction status of public improvements that occurred during the past year for the subdivision project. The Town Manager found the developer complied in good faith with the terms of the Development Agreement and that two items remain outstanding. The Town has not accepted West Commons Park because the asphalt pathway has failed and a reimbursement agreement for the crosswalk on Moraga Road has not been reached.

2020 ANNUAL GENERAL PLAN AND HOUSING ELEMENT REPORT

Town Council considered the State required [annual reports](#) for the year 2020. Progress is measured by how many housing construction permits have been issued at various income levels. The report gives special attention to the housing-related programs since the State requires more detailed and specific reporting of the Town's progress in meeting its share of the regional housing needs. The annual report will allow the Town to seek future grant and funding opportunities through the State, regional and transportation agencies.
