## Cleaner Contra Costa Challenge

**Sustainable Contra Costa (SCOCO) has developed the Cleaner Contra Costa Challenge program** to educate and inspire people that live and/or work in Contra Costa County to make sustainable choices in their everyday lives.

SCOCO is using the Challenge to connect County residents and workers with accessible, low-cost actions they can take **to save water, energy and money** in their homes and workplaces. The Challenge allows participants to form groups and create friendly competitions around efforts to achieve these savings. It's both fun and educational, but at the same time it is also a collaborative community engagement program with a robust online resource where participants can measure their household's carbon footprint, learn how to reduce their impact on the environment, save money, and track progress with other participants or groups.

For more information, please visit SCOCO's website here: <https://cleanercontracosta.org/>
